

Hello future prospective Directors! We are incredibly excited for what this next year might bring. With that being said we need your help in finding shows to help bring in funds for our theatre. This year we still need to be mindful and purposeful of what we are presenting on our stage and for our community. Compiled below are some things to help you in your presentation for the committee

Director Interview

To prepare for your interview keep in mind we are trying to sell this show so use this committee as a sounding board and try to sell your show to us, this should include:

Marketing ideas- yes we also have a committee but have some ideas of what you would like to see for your show and show us the passion you have for it.

Set Ideas- models not necessary but having an idea that you can describe of what you would like to see on the stage would be helpful

Marketable audience- this is big especially for this year. You might have a fantastic show, but will it sell here?

Cost- you can't always get this information but if available this is also something the committee especially this year would love to hear.

Thank you for helping us in moving forward with this next season and continuing our tradition of excellent entertainment for all!
