

Dear Gaslight Family,

We are looking for some specifics in our show selections for next year. With the effects of Covid still looming over our heads and also with hope of the renovation in the future we still look to a bright future here at Gaslight. This being said, what we need are shows that will sell well here in Enid and that won't break the bank in royalties and fees. We understand some things will cost more depending on the show and sometimes the big sellers cost more, but we are hoping to offset with less costly shows that are still well known and will sell. We know we have such wonderful talent here and that you will all rise to the challenges set before you. Thank you all in advance and we look forward to reviewing your submissions.
