

Dear Gaslight Family,

It is that time once again when we need your show submissions for next year! While time marches on, we are still facing the effects of the pandemic, and need your shows to help us look to a bright future here at Gaslight. This being said, what we need are shows that will sell well here in Enid and/or that won't break the bank in royalties and fees. We understand some things will cost more depending on the show and sometimes the big sellers cost more, but we are hoping to offset with less costly shows that are still well known and will sell. We have such a wide range of talent here and want to be able to showcase it and provide a well rounded season of entertainment to current patrons and bring in new patrons. Thank you all in advance and we look forward to reviewing your submissions.
